

Gabriel's Angels
Pets Helping Kids®

IMPACT REPORT 2025

Here's how your support is nurturing youth and their well-being by connecting them with the healing power of pets and compassionate adults.

233

youth served in the Animals, Books, & Children Program

115

Volunteer Pet Therapy Team Handlers

904

youth served in the Paws for Resilience Program

24

Helping Hand Volunteers

4,816

youth served in Community Support Visits

106

Title 1 Schools, Shelters, and Other Youth-Serving Partners

No matter where you come from, no matter what your zip code is, everyone wants an opportunity, and Gabriel's Angels helps level that playing field for our kids so that they too can grow up and do whatever they want in their lives.

- Dr. Paul Stanton, Washington Elementary School District Superintendent

Animals, Books & Children (ABC)

The ABC program focuses on improving literacy and self-confidence by creating a supportive, nonjudgmental space where children read aloud to therapy pets. These one-on-one visits help ease the anxiety often associated with reading, encouraging children to engage with books and develop a love of learning while building key strengths like confidence and empathy.

Paws for Resilience

Paws for Resilience is designed to help youth develop emotional regulation and coping skills. Through guided interactions with therapy animals and compassionate volunteers, participants engage in activities that promote self-awareness, stress management, and resilience. This program provides a foundation for youth to build stronger emotional well-being and healthier relationships.

Community Support Visits

Our Community Support Visits enable our partners to request additional support for everything from promoting mental health, to responding to high-stress incidents, to easing anxiety during exams. These flexible visits address immediate emotional and social needs, providing comfort and connection whenever and wherever youth are in need.
